

COMMUNITY SERVICES AND DEVELOPMENT SOCIETY OF ALEXIS CREEK

BOX 64, ALEXIS CREEK B.C. VOL 1A0

Phone/Fax: 250-394-4269

January 22, 2010

The Community Services and Development Society of Alexis Creek are thrilled to announce that our new CHILCOTIN VISITOR'S INFORMATION CENTRE will be opening mid-May, 2010. This site is very user friendly, offering clean washrooms with running water and flush toilets, a Sani Dump, unique picnic tables and benches constructed by Pioneer Log Homes, and a fantastic view of the beautiful Chilcotin River and valley. This Centre will be totally manned and supported by volunteers.

We wish to provide visitors with reliable and useful information and assistance to make their visit a memorable one. To accomplish this, we need your help! We are asking all businesses in the Chilcotin area for their Information Brochures and/or Information Sheets to pass on to our visitors. To assist with our operational expenses we are offering a "first time" fee of \$35.00 per year for this service. We will be happy to accept bundles of +35-40 brochures or info sheets per business. (If we run out we shall ask for more at no extra charge).

We feel that this Information Centre will be a great addition to the entire Chilcotin. We hope it will boost tourist activity and business for all of us, and encourage visitors to explore and enjoy our beautiful friendly country, and to "stay awhile"!

To assist you with the delivery of your Information bundles and cheques you can drop them at the Alexis Creek Forest Service Office, c/o Pat Porter or Judy Buhler, or you can mail them to the above address. Please make cheques payable to Community Services and Development Society of Alexis Creek. If you have any questions please call Valerie Telford at 250-394-4269 or E-Mail at [valtelford@hotmail.com](mailto:valtelford@hotmail.com).

We hope that by opening day we will have received all the visitor information we will need. We eagerly await your replies! Thank You!

Yours truly,

Valerie Telford, Sec.

Community Services and Development Society of Alexis Creek
